GOVERNMENT OF WESTERN AUSTRALIA

CTF Construction Training Fund

Construction Training Fund Skills Innovation Grant Eligibility Criteria

CTF Skills Innovation Grant Funding Round 2

Applications are invited for innovative projects that build skills, capability and productivity across Western Australia's building and construction workforce, respond to current or emerging workforce, skills and training needs, and address one or more of the following priority areas:

- Attraction and retention of skilled construction workforce
- Workforce diversity
- Emerging digital and technology requirements in the industry
- Support for the residential housing sector
- The transition to clean energy
- Modern methods of construction
- Innovation in training

Eligibility for funding

Meeting the objectives of the Skills Innovation Grant

Each project must demonstrate that it responds to a clear workforce, skills, training, safety, productivity or participation need and contributes to the objectives of the Skills Innovation Grant, including delivering clear, practical and measurable benefit to industry.

Eligibility requirements

- Be submitted by an eligible applicant in accordance with the Skills Innovation Grant Guidelines.
- Contribute to the objectives of the Skills Innovation Grant.
- Demonstrate that the applicant holds adequate insurance relevant to the proposed project.
- Propose a project that is soundly planned for the environment in which it will operate, including the project cost, scale, delivery approach and intended use of funding.
- Demonstrate that the applicant and proposed project are financially viable.

Ineligible projects

In addition to the eligibility requirements in the Skills Innovation Grant Guidelines, the following project costs are not eligible for funding under the Skills Innovation Grant:

- Projects that directly duplicate, replicate or substantially reproduce an initiative, grant or program already funded by CTF, unless they clearly demonstrate an innovative adaptation, enhancement or new application of the existing CTF-funded program.
- Projects limited to opportunity identification, concept screening, product development research, marketing concept development or feasibility studies.

- Advertising, signage or related communications activities that do not directly support delivery of the approved project.
- Certification, permit, licence or related fees.
- Capital items, including assets, equipment or infrastructure.

Additional Information

- Skills Innovation Grant allocations to successful applicants do not include Goods and Services Tax (GST), although grant payments will include a GST component where applicable.
