

## BCITF Levy in WA's resources sector Fact sheet 4 - How to pay the BCITF Levy

Most companies involved in WA's resources sector will receive correspondence from CTF about the amendments to the Regulations during October 2018.

CTF will meet with key personnel to ensure that project owners in the resources sector are informed about the BCITF Levy and how it will apply to construction works within their resources activities.

Project owners in the WA resources sector will need to create an account with the CTF in order to pay the BCITF Levy using the CTF's secure online payment system.

A CTF account provides project owners with the ability to lodge multiple projects and update relevant details as necessary.

Payments via the online system can be made by EFT or credit card. Receipts are issued by CTF immediately payment is confirmed.

Contact CTF on 9244 0100 to create an account for managing online payments.
